To whom it may concern:

We have worked with Buildrite Construction Corp. since the early 80's. Their performance and professionalism have always exceeded my expectations.

Buildrite has just finished our two phase shopping center. They managed the site work and construction on both buildings. In addition, they managed the site work for an adjacent out parcel restaurant. With their value engineering and conscientious attitude toward cost effectiveness, Buildrite has saved us more than \$100,000. They were timely and their attention to detail and quality is what makes Buildrite an obvious choice.

We look forward to working with them on many more projects.

Sincerely,
